JELDERKS, Magistrate Judge:

At the conclusion of a hearing held on December 27, 2005, plaintiff's motion for leave to file a first amended complaint was granted in part, denied in part, and reserved as to the proposed allegation that plaintiff's injury resulted from defendants' "failure to conduct quality assurance protocols

for patient safety." That decision was reflected in a record of proceedings filed the same day (#54).

Based upon further review, the portion of plaintiff's motion to amend (#30-1) which seeks to add allegations concerning defendants' failure to conduct quality assurance protocols is DENIED.

DATED this 3d day of January, 2006.
